# Safeguarding Community Celebrations

Are you responsible for planning an outdoor community event? Join us on Tuesday, August 5 to learn strategies that will help you plan a safe and secure celebration. First 50 registrants will receive a free subscription to dPlan, an online tool for arts and culture organizations.

This interactive workshop shares best practices in emergency preparedness for planning community events and festivals. The afternoon will equip attendees with a practical workbook, resources, and knowledge to implement safety and security strategies for their event.
